Cancer Epigenomics – from bench to bedside and back

Chairs:
Professor Dr. Christoph Plass
Professor Dr. Olaf Witt

November 24th, 2009
16:00 – 18:00
Lecture Hall, DKFZ

Professor Dr. Christoph Plass
The Epigenome and its alterations in cancer

Professor Dr. Ingrid Grummt
Epigenetic gene regulation

Professor Dr. Frank Lyko
DNMTs: Epigenetic drug development

Professor Dr. Olaf Witt
Targeting HDAC family in cancer

Professor Dr. Michael Lübbert
Clinical application of epigenetic therapy

Professor Dr. Peter Lichter
Future challenges in the Epigenomic field
