Sunday, May 29, 2016
German Cancer Research Center (DKFZ)

Heidelberg läuft für die Krebsforschung

We count on you!
Joy of Movement – Good for Your Health
Run or walk four and a half or six and a half kilometers. Everybody can do it! Young or old, athletic or not – anyone can participate. You can start alone or in a team with your family, friends or colleagues. It’s not about getting top times but about joining in and having fun.

Your Health is Our Goal
The German Cancer Research Center (DKFZ) in Heidelberg with around 3,000 employees is the largest biomedical institution in Europe. Its shared objective is the ongoing improvement of prevention, early detection, diagnostics and therapy of cancer related illnesses.

Your Entry Fee for the Benefit of Cancer Research
By engaging in this sporting activity you provide an important contribution to cancer research. Please, advertise this event also in your local community.

Whoever Joins the Run Is a Winner!
Nobody has to achieve a top athletic performance in our event. We would like you to have fun getting a little exercise and at the same time support a good cause. After all, your participation benefits your fitness and your health! At the end of the run prizes related to sports and leisure will be raffled off to all participants that completed the circuit and reached the finish line.

Heidelberg läuft für die Krebsforschung
...on Sunday, May 29, 2016!
Location of Start and Finish
German Cancer Research Center (DKFZ)
Main Building, Communication Center
