

Student Thesis and Internship Questionnaire

Dear applicant, Thank you for your interest in joining our division. For further information, each research group has prepared an overview of their research topics on our website (<https://www.dkfz.de/en/medical-physics-in-radiology/our-team>).

To help us process your application and prepare for a potential initial interview, please complete the following questionnaire and return it to our administration (MedPhysRadiology.theses@dkfz.de).

1. Personal and Academic Information

Name:

Degree programme / field of study:

University / Institution:

Faculty / Division:

Current semester:

2. Type of Project

Please indicate the type of project you are applying for:

- ☐ Bachelor's thesis
- ☐ Master's thesis
- ☐ Research internship
- ☐ Erasmus+
- ☐ Other:

Please note, we only offer unpaid internships if they are part of your study program.

3. Formal Requirements and Timeline

When would you like to start the project:

When should the project be completed:

Is there any flexibility regarding the starting date?

- ☐ Yes:
- ☐ No

Required duration of the project according to your study regulations:

Number of ECTS credits:

Only for applicants who are not enrolled at Heidelberg University: If applicable, please provide any formal requirements from your university regarding the duration, supervision, examination, or registration of the project.

4. Area of Interest

Please indicate the research area(s) or research group(s) you are particularly interested in:

If you are applying for a specific advertised project, please provide the project title or reference:

If you do not yet have a specific topic in mind, please briefly describe the type of work you are interested in, e.g. experimental work, simulations, data analysis, programming, hardware or electronics development, magnet design, MR-guided radio-therapy, or MR physics:

5. Previous Knowledge and Academic Experience

Please briefly describe any previous experience relevant to the proposed project:

This may include: coursework or seminars, previous research projects, Bachelor's or other thesis projects, student research assistant positions, publications, programming experience, data evaluations, laboratory experience.

6. Supporting Documents

Please attach the following documents to your application:

- ☐ Curriculum Vitae (CV)
- ☐ Current transcript of records / grade report

If available and relevant:

- ☐ Bachelor's thesis or previous project report
- ☐ Publication(s)
- ☐ Course handbook for internship or Erasmus
- ☐ Other supporting documents

7. On-site / Remote Work Arrangement (For applicants currently based outside Heidelberg)

Please indicate how you intend to carry out the project.

- ☐ I intend to complete the project on site in Heidelberg.
- ☐ I intend to work mainly remotely and come to Heidelberg on predefined dates or during specific periods. Please specify the planned days, weeks, or time periods:
- ☐ I intend to complete the project exclusively remotely.

If applicable, please provide any additional information regarding your availability in Heidelberg:

8. Additional Information

Is there anything else we should know regarding your application, academic requirements, availability, or project preferences:
