# Anything Learned?

Yes, "Regensburg".

# What People Liked

- Likes

- “A successful meeting during this strange time!”
- Choosing zoom meeting instead of zoom webinar
- The support team to be quickly responding, e.g.
  - » Due to some reason Wednesday morning the meeting was locked for a couple of minutes. They unlocked it immediately.
  - » For some presenters the audio connection broke. The backup recording was played back immediately starting with the correct slide.
- ...

- Dislikes

- No chance to have nice chats in the breaks
- No in person meeting, no social program, no  , no 
- ...

- Send us your feedback and suggestions. It may not be the last online meeting.

# What Zoom Should Provide

- Allow hosts to have a hand:

- Allow multiple rooms in a single meeting

- See who is in which room
- See what's playing in which room
- Easy walk from one room to the next room

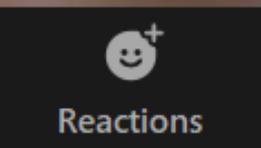

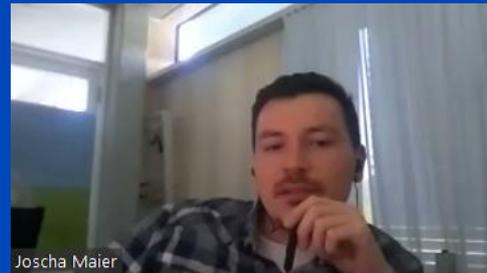

- Allow a participant to select other participants and ask them to go into a private room

• ...

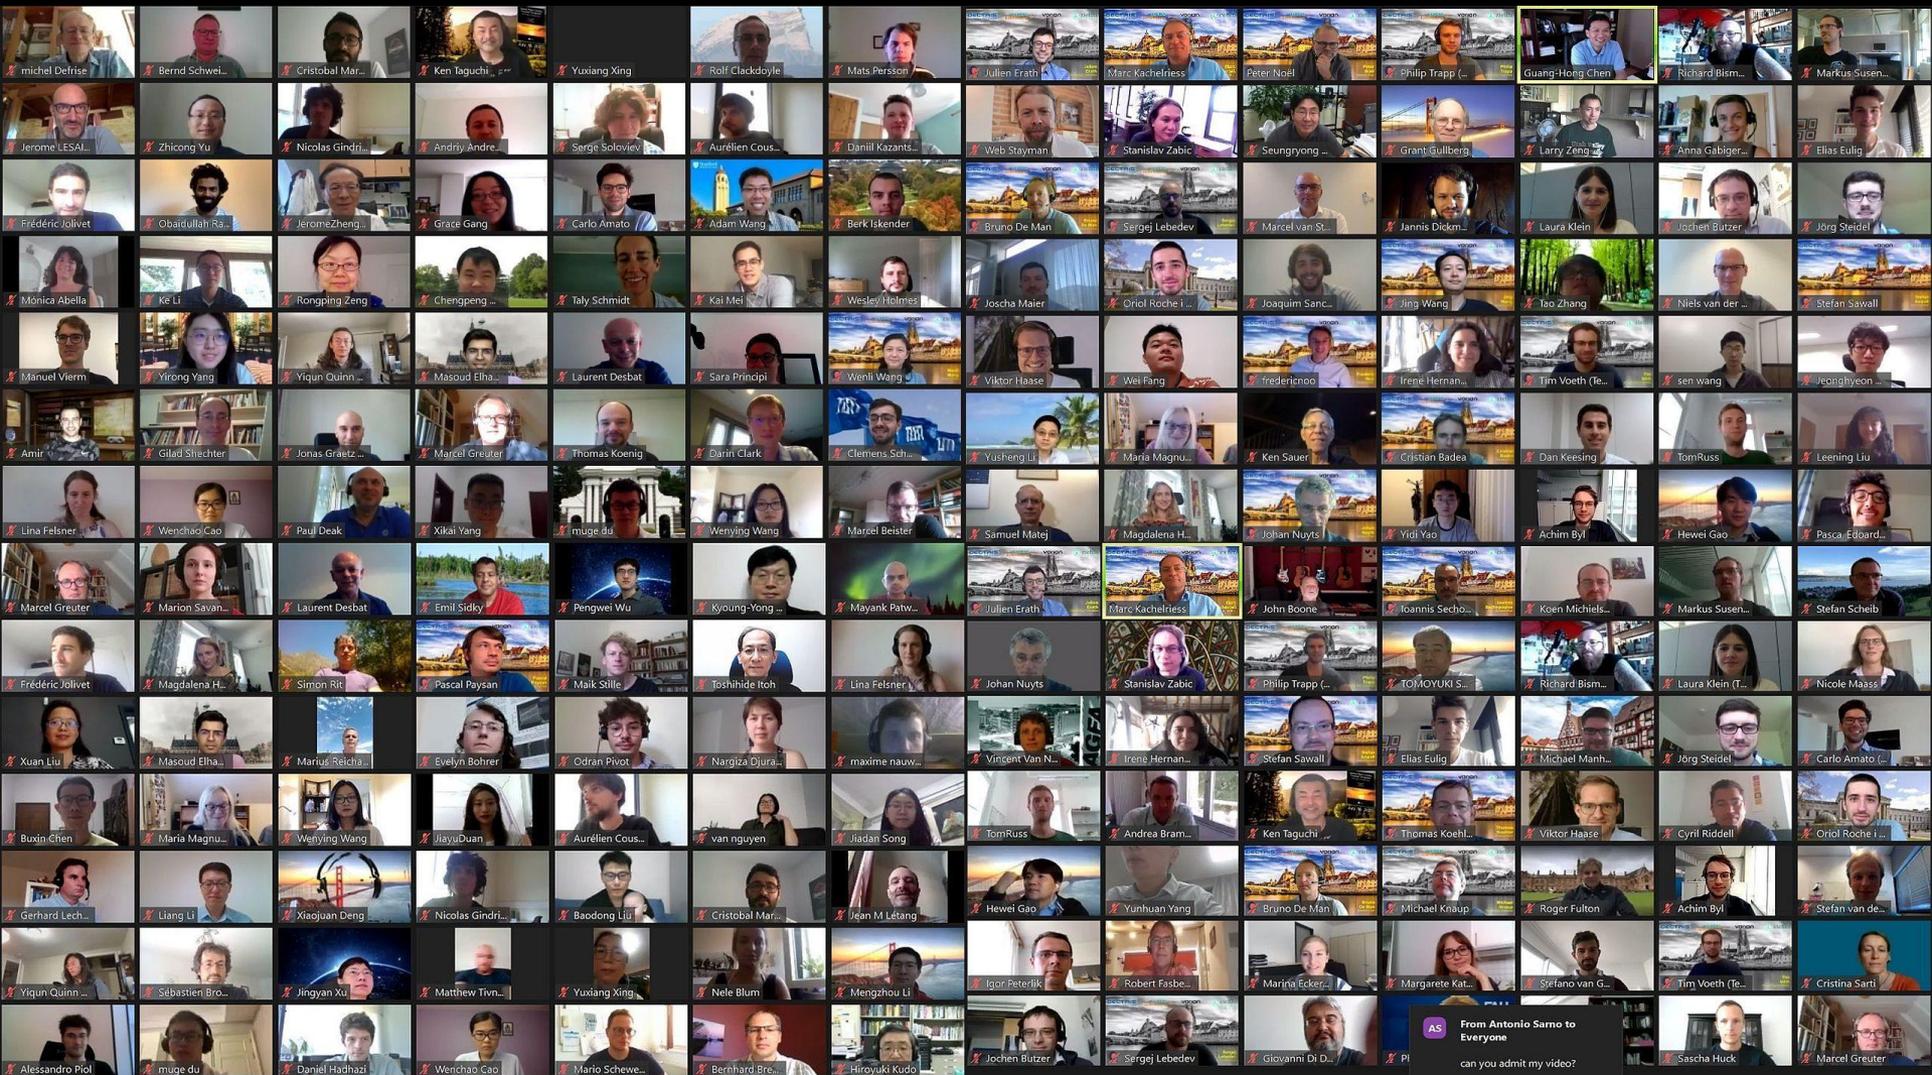

we need to talk.
